

— ATLANTIC —
HURRICANE SEASON
 JUNE 1 - NOVEMBER 30

Dear Palm Beach County Neighbors:

We all know that hurricanes have the potential to devastate communities, and lives, which is why preparation is crucial when facing this threat. I am pleased to provide you with this Hurricane Guide to help you plan and prepare for a storm.

Proper preparation is key to help keep your family and home safe and secure during a hurricane. This guide contains detailed information on how best to prepare for a storm, emergency phone numbers, and a complete list of supplies needed for your hurricane supply kit. It is important for you and your loved ones to be informed and protected during inclement weather and this guide will help you prepare and prioritize what is important in the event of a hurricane or tropical storm. I encourage you to review all the information contained here and keep it handy for future reference.

If you need additional copies, contact my office by emailing Clientadvocate@pbctax.com. You can also download a copy by visiting www.pbctax.gov.

Stay safe,

Anne
 Anne M. Gannon

Definitions

TROPICAL WAVE

An inverted trough (an elongated area of relatively low pressure) moving east to west across the tropics.

TROPICAL DEPRESSION

A tropical cyclonic area that has maximum sustained surface winds of 38 mph or less.

TROPICAL STORM

A tropical cyclone that has sustained winds of 39 - 73 mph.

HURRICANE WATCH

(sustained winds of at least 74 mph) are POSSIBLE in the area within 48 hours.

HURRICANE WARNING

(sustained winds of at least 74 mph) are EXPECTED in the area in 36 hours or less.

CATEGORY 1 (74-95 MPH WINDS)

Damage primarily to shrubbery, trees, foliage and unanchored homes; no real damage to other structures; some damage to poorly constructed signs. Low-lying coastal roads inundated as water levels rise; minor pier damage; some small craft in exposed anchorage torn from moorings.

CATEGORY 2 (96-110 MPH WINDS)

Considerable damage to shrubbery and tree foliage; some trees blown down. Major damage to exposed mobile homes. Extensive damage to poorly constructed signs. Some damage to roofing materials of buildings; some window and door damage. No major damage to buildings. Coastal roads and low-lying escape routes inland cut off by rising water two to four hours before arrival of hurricane center. Considerable damage to piers; marinas flooded. Small craft in unprotected anchorages torn from moorings. Evacuation of some shoreline residences and low-lying areas required.

CATEGORY 3 (111-129 MPH WINDS)

Foliage torn from trees; large trees blown down. Many constructed signs blown down. Some damage to roofing materials of buildings; some wind and door damage. Some structural damage to small buildings. Mobile homes destroyed. Serious flooding at coast and many smaller structures near coast destroyed; larger structures near coast damaged by battering waves and floating debris. Low-lying escape routes inland cut off by rising water three to five hours before hurricane center arrives. Flat terrain five feet or less above sea level flooded inland eight miles or more possible. Evacuation of low-lying residences within several blocks of shoreline.

CATEGORY 4 (130-156 MPH WINDS)

Shrubs and trees blown down; all signs down. Extensive damage to roofing materials, windows and doors. Complete failure of roofs on many small residences. Complete destruction of mobile homes. Flat terrain 10 feet or less above sea level flooded inland as far as six miles. Major damage to lower floors of structures near shore due to flooding and battering by waves and floating debris. Low-lying escape routes inland cut off by rising water three to five hours before hurricane center arrives. Major erosion of beaches possible. Massive evacuation of residences near coastline, and single-story residences within two miles of coastline. Widespread power outages.

CATEGORY 5 (157+ MPH WINDS)

Shrubs and trees blown down; massive damage to roofs of buildings; all signs down. Very severe and extensive damage to windows and doors. Complete failure of roofs on many residences and industrial buildings. Extensive shattering of glass in windows and doors. Some complete building failures. Small buildings overturned or blown away. Complete destruction of mobile homes. Major damage to lower floors of all structures less than 15 feet above sea level within 500 yards of coastline. Low-lying escape routes inland cut off by rising water three to five hours before hurricane center arrives. Possible massive evacuation of residential areas on low ground within five to ten miles of coastline. Power outages will last for weeks, possibly months.

Family Plans

MAKE A PLAN FOR EVERY OUTCOME YOU MAY ENCOUNTER AND REVIEW WITH **YOUR FAMILY**.

- ▶ **PLAN 1:** Relocate outside the area.
- ▶ **PLAN 2:** Stay with local friends or family.
- ▶ **PLAN 3:** Stay in your home.
- ▶ **PLAN 4:** Go to a shelter.

Preparations Before Hurricane Season

BEFORE HURRICANE SEASON

- Begin purchasing supplies for your Family Disaster Supplies Kit.
- Inspect your window protection for rust, missing bolts, damage, etc, and repair immediately.
- Inspect your walls, windows, garage door and roof for conditions that may suffer wind damage.
- Use the Flood Zone maps on pbcgov.org to check if you are in an evacuation area.
- If you are in an evacuation area, make an evacuation plan for you and your family.
- Complete all major cutting/tree removal December through April.
- Visit pbcgov.org/DEM and sign-up for ALERT PBC text notifications.
- Download the PBC Emergency Management app "PBC DART - Disaster Awareness & Recovery Tool" on your mobile device.

BEFORE HURRICANE SEASON

- Check your utility bills to see who provides your water, gas and electric. Write this information in the space provided below.
- Contact your city or the Solid Waste Authority of Palm Beach County to determine who picks up your trash and yard debris, and record the information below.
- Complete the assembly of your Family Disaster Supplies Kit, by purchasing non-perishable foods and medicines last.
- Check with your doctor and/or pharmacy to determine how best to assure your prescriptions will last through a storm.
- If needed, register for the Special Needs Shelter, by calling 561-712-6400.
- Assess your landscaping to determine if trees need to be trimmed or ornaments removed before a storm.
- Establish a contact number with your employer to stay informed on your return to work immediately following a storm.
- Make arrangements in advance for your pets; contact Animal Care and Control about pet sheltering or ask your veterinarian.

BEFORE HURRICANE SEASON

- Review your family plan with your family and establish who will be your out-of-town contact.
- Double-check your shelter information and confirm the location. Write this information in the space provided below.
- Visit pbcgov.org/DEM to find your closest gas station and grocery store with backup power. Write this information in the space provided below.

Your Family Disaster Supplies Kit

FOOD AND WATER

- Bread, muffins, bagels
 - Canned fruits
 - Canned juice
 - Canned meats
 - Canned vegetables
 - Crackers
 - Dry cereal
 - Energy snacks (granola bars/raisins)
 - Instant coffee/tea/powdered drinks
 - Jelly/jam
 - One gallon of water per person per day for at least five days
- Water for drinking, cooking and bathing will be needed; store enough before the storm for family members and pets.**

Perishable items should be changed or replaced every six months.

COMMON AND HEAVY TOOLS

- Assorted nails, wood screws
- Battery-operated radio
- Crowbar
- Disposable dust mask
- Duct & masking tape
- Extra batteries
- Fire extinguisher
- Flashlight
- Hatchet/handsaw
- Heavy cotton or hemp rope
- Heavy duty work gloves
- Non-electric can opener, utility knife
- Plastic safety goggles
- Pliers, screwdriver, hammer
- Plywood & fasteners to cover windows
- Tarpaulin, for temporary roof repair

KEEP IN A WATERPROOF CONTAINER

- Bank account numbers
- Cash or traveler's checks, change

- Adhesive bandages
- Antibiotic ointment
- Anti-diarrhea medication
- Antiseptic spray
- Aspirin or non-aspirin pain reliever
- First aid manual
- First aid tape
- Insect repellent
- Petroleum jelly
- Rolls of gauze or bandages
- Rubbing alcohol & hydrogen peroxide
- Safety pins, assorted sizes
- Sanitary hand wipes/liquid
- Scissors
- Sunscreen
- Thermometer
- Tweezers
- Two week minimum supply of prescription medication, regularly used medical supplies and list of allergies

HELPFUL SUPPLIES AND SPECIAL ITEMS

- Baby food
- Baby wipes
- Battery operated fan with extra batteries
- Blankets/sleeping bags
- Camping lantern with extra batteries
- Cooler filled with ice
- Denture care items
- Diapers
- Extra eyeglasses or contact lens supplies
- Feminine supplies
- Games/activities for kids/family
- Indoor/outdoor grill fuel/charcoal, lighter fluid
- Phone charger
- Plastic storage container to hold non-drinking water
- Portable camp stove or grill
- Rain gear
- Shampoo
- Toothpaste

CLEANING AND STORAGE

- Aluminum foil
- Broom, mop and bucket
- Chlorine bleach
- Large plastic zip bags
- Latex gloves
- Liquid dish & hand soap
- Matches, lighters
- Paper plates, disposable cups & plastic utensils
- Plastic garbage bags, ties
- Plastic storage containers
- Plastic wrap
- Toilet paper, paper towels, napkins

PET CARE ITEMS

- 1 gallon of water per pet & water bowl
- A pet carrier or cage
- Leash and muzzle
- Microchip information/vaccination records
- Pet food to last five days & food bowl
- Proper identification/tag information
